## Career Objective

A highly motivated and diligent Computer Science student at Multimedia University of Kenya, seeking a dynamic environment to apply theoretical knowledge in practical scenarios. Passionate about software development, networking, and AI, with a strong desire to contribute to real-world tech projects while gaining hands-on experience.

## Education

### Bachelor of Science in Computer Science

*Multimedia University of Kenya*

Expected Graduation: December, 2027

Relevant Courses: Object-Oriented Programming (Java), Web Development, Networking, Software Engineering, Database Systems, Artificial Intelligence.

## Technical Skills

- **Programming:** Java(basic), HTML, CSS, JavaScript, Python(basic)
- **Web Development:** Responsive Design, Front-End Development
- **Tools & Operating Systems:** GitHub, VS Code, Linux (Debian/Kali), Windows 11

## Projects

### Executive Bus Booking Website (*In Progress*)

*Front-End Design — HTML & CSS | Functionality Integration Coming Soon*

- Designed a modern, responsive user interface for a bus booking platform using HTML and CSS.
- Developed key pages including homepage, routes listing, booking form, and contact page with a focus on clean layout and user experience.
- Applied responsive design principles to ensure usability across desktop and mobile devices.
- Emphasized intuitive navigation and consistent branding across the site.
- Currently working on adding dynamic features using JavaScript and integrating backend functionality for booking management, seat selection, and admin operations.

*This project reflects my growing skills in full-stack development as I progress from front-end design to backend integration.*

## Certifications & Training

- Java Development Bootcamp - Udemy (*Ongoing*)
- Web Development Bootcamp – Udemy (*Ongoing*)

### **Personal Attributes**

- Problem-solver with critical thinking skills
